

Schedule for INEBRIA preconference (Santiago de Chile 2018)

Wednesday 26th September

Campus Casa Central - Pontificia Universidad Catolica de Chile (Av. Libertador Bernardo O'Higgins 340, Santiago; "Universidad Catolica" subway station) **(pending to be confirmed)**

Morning session

10:00-11:00 Introduction by Chairs of the meeting (prof. dr. Paul Wallace and prof. dr. Heleen Riper))

11:00 – 13:00 Small parallel groups

Topic	Opened-questions
Topic 1: Adherence to digital interventions	How to seduce use of digital applications? Guidance might be useful to increase adherence? How to achieve this? What else to do?
Topic 2: Implementation of digital interventions	We do not practice what we preach; what can be learned from implementation science?
Topic 3: Tailoring digital interventions	One shoe does not fit all feet: how to tailor to differences between individuals and groups (e.g. elderly, primary health care, work)?
Topic 4: Big data and digital interventions	Big data needed: sharing data would allow to study moderators , mediators and predictors. How can we reach this goal?
Topic 5: Digital interventions beyond alcohol and tobacco	Quality studies on other topics than alcohol and tobacco needed !

13:00-14:00 Lunch

14:00-15:00 Topic: Young researchers in digital interventions field

Opened-question: The future is bright: reaching the Younger by the Young !

15:00-16:00 Topic: Roadmap to collaboration

Opened-question: conclusions of separate working groups to be put into concrete proposals for collaboration
